The

TUMBLEWEED

Mirror Mirror

By: Megan Fast

On November 7, 2019 Pastor Josh Emmel came to speak at chapel. He talked through the Old Testament in a way that I have never heard before. He started off by challenging us by asking what the purpose of our life is? The end goal or purpose is to glorify God and enjoy him forever.

He then took us back to the beginning. In Genesis 1:1-2 it talks about how God was before, he was the

creator, and he is eternal. God did not and still does not need us. Why then did he create us? God created us to glorify himself.

Mr. Emmel then talked though the days of creation. Before the world was without light and formless, or a blank canvas. Each day is a brush stroke in the big picture that God was painting.

On day six, God created man. God gave man dominion over the entire earth as well as

the command to multiply. Humans are also created in the image of God. What are we created to do? It can be somewhat of a trick question. We were made to bear God's image and through that glorify God. God wants us to multiply and fill the entire earth with his glory.

In Genesis chap-

ter three however, man sins. Mr. Emmel compared our relationship with God as a mirror. It is really easy to mirror God when we are right in front of him. However, the image becomes distorted when we shift our mirrors. If we step away from God it

The Price They Paid

By: Kyle Pederson

On November 11, the Lustre Community

celebrated our Veterans on Veterans Day. Veter-

ans Day was originally called Armistice Day. It is always on November 11 because the First World War ended at 11AM on 11/11/1918. It is a day that we take to celebrate all of the veterans and those who have served our nation throughout history. Armistice Day was originally only for veterans of the First World War. This is how it was celebrated until it was officially

changed to Veterans Day in 1954. One interesting fact about Veterans Day is that the flags are not flown at half-staff. A flag flying at half-staff is seen as a symbol of respect, mourning, distress or salute. Veterans Day is a day of celebration not a day of mourning, which is why the flag isn't flown at half-staff. The day used to only be for World War

Milk River Returns to Lustre! By Lily Short

On Thursday, November 14, the MB Youth Group invited Milk River Activity Center to come and play basketball. This was the second year we've done this, and hopefully there will be many more to come!

When we walked into the grade school gym, all of us grabbed a name tag so we could learn each other's names

throughout the evening. After that, we split into 2 different teams, the Dolphins and the Warriors. The Dolphins consisted of Terry, Kenny, Lily, Kyle, Kaleb H., Shawndel, and Cari. The Warriors team included Gabe, Josh B., Elijah,

Tiffany, Shawn, and Isaiah. The Dolphins were coached by Wacy, and the Warriors were coached by Gretchen. Jennifer from Milk River led us in singing the National Anthem, and everyone then announced the lineup for both teams and the game began. It was an intense game of

ball, and the Dolphins barely pulled through at the end to win by one point. After the game, we all sat down to enjoy a meal of spaghetti.

It was a fun experience for us all, and we got to learn more about people we don't see everyday and interact with them. They were all so kindhearted and wanted to be involved.

May the Best Throw Win By: Amber Reddig

STUCO held a dodgeball tournament in the LCHS gym on Saturday the 9th of November. It was for anyone to attend, and they set up a tournament bracket for the five teams that did attend. Terry Allmer presented the rules of dodgeball be-

fore it all started, and Mr. Butler was the ref for the games. Each team was to be made up of five players, and each had to have at least one girl on the team. There was a variety in the teams, which included teachers, students, community members, and younger children. After all the games were played, including the championship game, there was a winning team of course. The team that won was the team that Diego Froiland had put together. The other four members of the winning team included Elijah

Lenihan, Braeden Toaves, Kolden Hoversland, and Amber Reddig. There is a prize for the winners to come. Before the fun was over for the night, everyone who was at the event who wanted to play one final game could split up in the gym and play. Josh Brown was the final winner of that game, and it went on for a long time since the teams were much larger. STUCO also held a dinner afterwards where you could make donations. The meal was super nachos with a bar for dessert. Thank you to everyone who helped

put on this event, and the people who attended. It was a fun way to raise some money for STUCO, and also to get people together for a community event. It was a successful afternoon at LCHS, and people seemed to enjoy the competition as well.

"Create in me a clean heart, O God, And renew a steadfast spirit within

All for a Good Cause

By: Hannah Thomas

On Saturday, November 16. The Lustre Community held a fundraiser for the Gibson family, as some of you might know, Jennifer Gibson (the best lunch lady there is) had a terrible 4-wheeler accident.

Due to this accident she was in the hospital for several days and had to have surgery on her right leg.

The fundraiser

was to help with the fact that she did not have insurance at that time. It was truly a special night because it brought the community together for a night of fun.

Saturday night, was filled with complete fun; there were

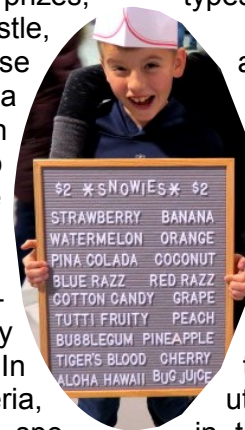

games with prizes, a bouncy castle, a “Chinese auction” and a silent auction was also held. While festivities were going on, the kitchen was pretty occupied. In the cafeteria, there was a special table for desserts and pastries, another for vegetable snacks and dips and a main table for the different

types of chili and soup.

There was also a room for homemade “Snowies” (snow cones), with flavors to die for. The night was not only a success but it was also fulfilled.

Thank you to all those who contributed and participated in the fundraiser, also special thanks to the EMB Church. Let us also continue to pray for the Gibson family in their time of need.

Bible Baseball

By: Diego Froiland

For our chapel on the 14th the student body got surprised with a special chapel. We walked in not knowing who the chapel speaker was and seeing a baseball diamond on the whiteboard, we were a bit confused but not for long. As usual chapel was opened up with song lead by the worship team. Afterwards it was announced that we would be playing a game called bible baseball. Split up with the old-fashioned way of one-two-one-two, we were divided into teams. Team 1 headed by Hannah although it wasn't visibly noticeable and team 2 headed by self-

appointed Kyle Peder-son.

Before we get into specifics, we'll review the rules of the game. A starter stands up and decides whether they want a question worth 1, 2, or 3 bases or they could go for a homerun. The more bases they ask for the harder the questions get. If they don't get the answer right they simply sit down and the question goes to the next person on their team and it counts as an out. If they do get the question right, the game piece moves the number of bases asked for. The next person then goes and so forth. All movements are forced.

Now of course team 2 had the majority of the bible brainiacs. The play opened up with Diego Froiland hitting a twofer and then Doven, and Kyle following up. It took ten points before team 2 finally got stopped, with a 3-run homerun being hit by Mr. Marasco. The top of the inning was started with Tiara, who missed her first question. The inning ended with 2 points being achieved by team 2.

In the end, team 2 won a crushing defeat. Good Job, participants and team 2 members, Diego, Doven, Ashley, Kyle (captain), Kaleb P., Braedon, Mrs. Traeholt, Kenny, Megan, Lily, Mr. Burkhart, Mr. Marasco, and Joshua S.

Israel F'REAL By: Olivia Brown

Mt. Carmel, Capernaum, Mt. Bental, Tel Dan, and of course the Sea of Galilee.

One of my favorite parts was riding on a tour boat on the Sea of Galilee. We also went to the Dead Sea and even got to float in it! That was a really cool experience. The next

day a small group of us hiked Masada, which is about 1150 feet long. For the second half of our tour, we were in Jerusalem. We saw King David's Palace, the Temple Mount, the Shepherds Fields, the

Mount of Olives, the Garden of Gethsemane, the Western Wall, and the Old City. Another one of my favorite places was Hezekiah's Tunnel. Again only a few people from our group decided to go through the original tunnel, which has water in it, while the others decided to go through the recently made

tunnel, which is dry. One place that was not on our itinerary and caught us all by surprise was Bethlehem. This was surprising because it used to be dangerous to tour in Bethlehem.

Another thing that happened that was unexpected but not surprising was the missile attack from Gaza. Fortunately, we were in Jerusalem and couldn't have been safer. Since we had the evenings free, we rode the tram to Jaffa Street to check out all the street performers. It was really cool to see all the different kinds of music.

This was a great experience and I hope everyone gets a chance to go someday.

I recently had the privilege of touring Israel with a group from my church and two other churches from November 4-15. We had the best tour guide (Boaz) and bus driver (Doron) over there. The traffic in Israel is crazy so we appreciated Doron a lot. Each day we went on tour from about 8 am to 4-5 pm.

The first couple of days we toured around the Sea of Galilee, so we saw places like Caesarea Maritime,

(Mirror continued from page 1)
becomes harder to reflect him.

People in the Old Testament reflected God but they failed as well. No one was perfect until Christ came. Jesus Christ perfectly reflects God. Hebrews 1:3 backs this statement up.

Adam and Eve fell short. God left us his written word to help us reflect. Keep looking to Christ every day. Examine yourself and ask

how you not reflecting Christ? Be able to do what you were meant to do.

(Veterans continued from page 1)
One veterans, but when the name changed to Veterans Day it included all veterans. The Lustre Grade School celebrated Veterans Day by inviting several veterans for lunch. They also made flags out of popsicle sticks and wrote thank you cards to the various veterans that attended. The high schoolers also came down and ate roast beef with some local veterans as well as thanking them

for the sacrifices and hardships they had to go through in order to serve our great country.
